

## TECHNICAL DATASHEET

# GL-4

### Typical properties :

SAE		80W	90	140	80w90	85w140
Density at 15°C		0.890	0.899	0.906	0.895	0.911
Viscosity Index		98	96	97	97	97
Flash Point	°C	200	210	225	200	210
Pour Point	°C	-15	- 12	- 12	- 30	- 15
Viscosity at 40°C	cSt	96.2	215	440	138	407
Viscosity at 100°C	cSt	11.0	18.9	29.7	13.9	29.2

- Specifications :**
- API GL-4
  - MIL-L-2105B (mono) ; MIL-L-2105D (multi) ;
  - MB235.1 ; ZF TE-ML 02

### General information:

EXEL GL-4 is a multi-purpose gear oil, having mild EP properties, presenting a lubricant quality level stipulated by an appreciable number of manufacturers of trucks, tractors and other heavy equipment. For the lubrication of spiral bevel or hypoid rear axles where former MIL-L-2105 level or API GL-4 is recommended.
