

## TECHNICAL DATASHEET

# MULTI DUTY EP 2 GREASE

### Typical properties :

NLGI		2
Colour		amber
Soap type		Li
Dropping point		185 min.
Penetration at 25°C		265-295
- 10.000 strokes	%	10
Application range	°C	-20/+140
4-ball weld load	kg	230

### Mineral oil specifications :

Viscosity at 40°C	cSt	100
Viscosity at 100°C	cSt	7.8

### General information:

Multi purpose lithium greases. Excellent resistance to water, with anti-rust and anti-oxidation additives. Recommended for temperatures up to 140°C and for all applications where an universal grease is recommended. For multi purpose applications such as : wheel bearings, water pumps, automotive, etc.
