

## TECHNICAL DATASHEET

# REGULAR

### Typical properties :

SAE		10W	20	30	40	50
Density at 15°C		0.870	0.882	0.890	0.900	0.902
Viscosity index		95	95	95	95	95
Flash	°C	200	220	240	260	275
Pour point	°C	-12	-9	-6	-6	-6
Viscosity at 40°C	cSt	42	65	92	150	216
Viscosity at 100°C	cSt	6.3	8.3	10.5	14.5	18.5

### General information:

Medium viscosity index, non detergent motor oil. Recommended wherever a light duty oil is needed, especially for use in older, high consumption engines, and everywhere non-detergent oils are prescribed. Also recommended as break-in oil of rebuild engines.
